Re: Request for waiver of noise ordinance

As part of our efforts to provide a quality experience for the persons attending the Maxwell Market on Thursdays from June 1st until the first week of October we have provided live music from 5PM until 8PM located at 145 N First Place. We are pleased to see hundreds of locals attending the Maxwell Market weekly event with the music being a great addition and draw to this family friendly weekly event. Although I do not believe the primarily acoustical music exceeds the city discipline restrictions nor am not aware of any complaints regarding the music I think that it may be appropriate to request a waiver as to prevent any potential problems during the market season should any complaints arise.

In closing we are always concerned as to not cause any of our neighbors undo grief or problems from loud music and have thoughtfully kept the music toned down to make the Maxwell Market a family friendly venue.

Mitch Myers
